David Carter confirmed they dealt with the company or the six solar street lights that you see in the carpark, the deal was straight forward, height of poles had to be decided. In the total cost you should include for erection, excavate holes, erect poles, and concrete. After concrete is set a tele handler is required to place the assembled units on top of poles, we had this work carried out by a separate Contractor who he recommended. Since installation the lights have been working without attention. Clerk had since contacted the Sales Manager and he advised the best thing to start with will be just getting an understanding of how heavy a footfall the area will likely see and if there are any obstructions, like trees, in the area to put the lights? Also, an aerial image of the Village Green would be useful and he also asked what is it that we require the lights to do. He would then have an idea of what size panel and LED may be required and price up accordingly <b>Action:</b> Clerk to circulate both emails to Councillors.</p>	<p>Clerk</p> <p>Clerk/ Chairman</p> <p>Clerk</p> <p>Clerk</p> <p>Clerk</p> <p>Clerk/ Cllr. 171/21	<p><b>Monthly Report from Cornwall Councillor Mrs. Jenny Cruse:-</b> Apologies received from Cornwall Councillor Mrs. J. Cruse and emailed report received as follows:-</p>	

	<p>This month has been dominated by concerns regarding a housing crisis and emergency action has been taken in the form of park and container homes. Not an ideal solution but action is needed.</p> <p>I have made enquiries of Planning regarding some decisions that are awaiting decision and it has been confirmed that the Camel SAC is putting a hold on all decisions, large or small.</p> <p>I have also contacted our Leader to discuss what we can do about fast food chains and how we can persuade them to assist us with reducing waste in the countryside. At the very least we can look to putting notices around the establishment reminding customers to leave no trace. And we hope to action this soon.</p> <p>A large dumping of paper litter was seen off the A30 at Preeze Cross but after reporting on 'report it' it was removed by Bifta in a few hours. I urge any members who see fly tipping to report immediately and return any evidence to me as quickly as possible. Events involving the Rainbow Family of Living Light in Blisland has proved to be very difficult for the residents, it has been a steep learning curve, and we have all learnt a great deal from the events, and hopefully most of the group have now departed the moors.</p> <p>I have received some evidence on raw sewage being disposed in the Camel and have reported this to Planning who are dealing with the Camel SAC. I have also spoken to the Schools space securement Officer regarding school places as I was made aware that Nanstallon early years was now full. I have seen that there are currently problems with the secondary school capacity and there will need to be new classrooms built and additional staff engaged to absorb this comfortably. I have seen evidence that the capacity in the primary area is well within comfort and that there is no expectation of overcapacity.</p> <p>I am now able to receive applications for the Community Chest and I have placed that information in the Lanivet News welcoming local community to apply for assistance.</p> <p>She also would like to propose that she wished to sponsor a tree to be planted in honour of the Queens Platinum Jubilee next year. It would be good to plant between October and March and she would like suggestions where this could be and what genus. It was agreed a replacement tree on the Village Green, as there was a tree to be replaced as specified in the report from Jason Bellenger. Councillor A. Barnaby to confirm with the Clerk, following this siting can be agreed <b>Action:</b> Clerk.</p> <p>Also, other Parish Councils are concerned about lack of action in enforcement cases. If a list of existing cases for Lanivet could be forwarded to her, she would happily follow up with the Senior Enforcement Officer to see what stage these cases are at <b>Action:</b> Clerk/Chairman.</p>	<p>Clerk/Cllr. <b>A. Barnaby</b></p> <p>Clerk/ Chairman</p>

179/21	<p><b>Lanivet Village Green/Play Equipment/Car Park/Bus Shelters:-</b> Chairman reported that following a meeting with our Grass Cutting Contractor it was agreed that two additional cuts per month would be carried out through July to September and we would then review again in advance of setting a budget for grass cutting next year. The advice given by the Contractor is that we should be to seriously consider cutting the Village Green and Cemetery twice per month from April to September/October. This will affect the budget so we can discuss in the Autumn. It was proposed to approve in principle that is cut more regular but not necessarily as suggested by the Contractor, the Services Working Party will meet with him to confirm in September (Chairman asked Councillor D. They were concerned that residents along Honeys Hill, can hardly park their cars there. There are not many places they can park except the Car Park or the new Car Park, which they suggest the parents should be using. They had heard talks about giving them numbered car park long spaces and asked if this could be discussed. There are only about 8-9 houses as Riverside have their parking and also Truro Road.
